

YACHTS DE PARIS

LUXURY AND SAVOIR-VIVRE

An immense floating palace of over 1000 square meters, Le **PAQUEBOT** speaks of a golden age when ocean liners stood for luxury and savoir-vivre.

The spirit of the Normandie floats through the monumental staircases; the soul of the Queen Mary gently rocks the dining room, 85 meters in length; the triple deck, railings and lifeboats all are steeped in memories of the France.

Appropriate for all inventive and grandiose events, Le Paquebot is the largest ship on the Seine. Those nostalgic for a bygone era will, for an instant, feel as if crossing the ocean; others will discover that a 800-passenger reception room in Paris can possess a soul.

For all receptions of 180 to 800, Le **PAQUEBOT** is the largest ship on the Seine, elegance and charm included.
